Marco Elias Invoice 04-26-23

I'm still working on ServPro, when Elias Brothers called for my attention. They are demanding their money while we are demanding a refund. On April 28, 2023, we agreed to wait for the insurance adjuster's report to re-price the invoices. However, Elias has lost patience after ten weeks.

Please review the attached invoice from Elias on 04-26-23, and tell me whether the work was done, and was it satisfactory. If you did not authorize the work, please state that.

I will re-price the invoice according to the contract, the amount of insurance proceeds for each task. I apologize if this was previously sent. I could not find your response in my emails.
